

“One of the most unique record companies to come along in recent memory.”
Mark Ruffin — Amazon.com and Jazz USA

“Flügel Schlag! is a breath of fresh air and deserves some serious listening.” — *Chick Corea*

“*[ObliqSound]* is like an ECM for the new millennium, covering a much broader (and in some cases more ‘mainstream’) listening audience.” — *Urban Network*

Right in step with ObliqSound’s motto of “*Music Without Boundaries*” the label introduces **The ObliqSound Remixes** – a dance remix project. ObliqSound commissioned a handful of prominent DJs/Producers to put their personal signatures on tracks taken from the label’s premiere release – **The ObliqSound Sampler**. **The ObliqSound Remixes** features the likes of **Chris Brann (Ananda Project/Wamdue/p’taah)**, **Freaks (Luke Solomon/Justin Harris – Classic Records)**, **Riton (aka Henry Smithson – Grand Central UK)**, **Wai Wan (Earthproject)**, and German newcomer **Paul Tietze**. Paul’s remix of **Renovation Unlimited’s** “Summertime” is refreshing and artistic.

With such an international line up and great source material to choose from, **The ObliqSound Remixes** was a joy to commission. Not your typical dance project, **The ObliqSound Remixes** is an eclectic yet satisfying album.
