FERENC NEMETH RELEASES DEBUT CD NIGHT SONGS

Drummer's Debut Solo Album Garners 2008 Independent Music Awards Nomination for Best Jazz Album of the Year!

Drummer/Composer **Ferenc Nemeth** - a player of consummate subtlety and taste - has been a lynchpin in the ObliqSound universe and beyond, via his associations with **Gilfema (Lionel Loueke Trio)**, pianist **Leo Tardin**, singer **Tama Waipara** and producer **Michele Locatelli's Renovation Unlimited**.

Now, Nemeth is stepping into the limelight with his debut CD as a leader, **Night Songs**, a concept album for jazz sextet featuring two saxophones. The album was recently named a finalist for **2008 Independent Music Awards Jazz Album of the year**.

The musicians Nemeth selected for his inaugural nocturnal debut are tenor saxophonist **Mark Turner**, soprano and alto saxophonist **Chris Cheek**, acclaimed acoustic bassist **John Patitucci**, **Lionel Loueke** on guitar and pianist **Aaron Parks**, and all of the supporting musicians keep Nemeth in excellent company
